DETAILED ACTION

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. At claim 25 line 9, amend "the predetermined number" to – the predetermined number of –.
3. This amendment corrects a clear grammatical error in the USPTO IFW file copy.

Allowable Subject Matter

4. Claims 25-31 are allowed.
5. The following is an examiner's statement of reasons for allowance of the sole independent claim 25: The closest prior art, Irwin, Jr., et al. (US005621200A), does not teach or suggest determining a score value of the coupon based on the number of areas selected in the second field having locations indicated by the number of answers selected in the first field, said first field having the answers on top of a removable concealer. In essence, the claimed invention teaches two functionally linked fields, each with a removable concealer. Irwin, Jr., et al. does not teach or suggest a first field with removable concealer. Kamille (US005996997A) teaches two functionally linked fields, each with a removable concealer (Fig. 4A & 4B), but the prior art does not teach or suggest adding the teachings of Kamille to those of Irwin, Jr., et al. Indeed, the examiner regards the instant invention as especially imaginative because it applies the advanced scratch-off gaming technology of Kamille to coupons. Many coupons use scratch-offs, but no one has heretofore suggested applying the more advanced gaming technology to coupons.
6. The closest foreign patent prior art is AU 9863742 A, and the closest non-patent prior art is Sale ("Evaluation in Evolution", *Promo*, Sept. 1998). Both teach simple scratch-off mechanisms with promotions, and do not teach or suggest the claimed invention.
7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the

issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
